## WORK EXPERIENCE

### Software Engineer Analyst Accenture

08/2023 - Present

*Achievements/Tasks*

- Led the revamping of UI and web-app interface for a client-facing e-presentation web-app with **10,000+ users** per month, resulting in improved user engagement by **21%**.
- Developed chatbots in **Angular 14** using **RXJS** to operate on observables, enhancing user experience and streamlining communication processes at component level.
- Implemented various interfaces in the web-app integrating **OPEN AI** and **GEN AI** APIs to meet business requirements and ensure **prompt engineering**.
- Utilized test-driven development principles to develop comprehensive test cases in **Jasmine**, ensuring code quality and reliability.
- Utilized versioning control tools such as **Azure Devops (GIT repositories)** to maintain the various modules implemented.
- Provided mentorship and guidance to new team members, facilitating their integration into the software engineering workflow.

### Associate Software Engineer Accenture

08/2021 - 08/2023

*Achievements/Tasks*

- Worked and developed various **Business Enterprise Applications (BEA)** that has a direct impact on firm's business.
- Contributed to the development of efficient and modular applications using **Angular 14** and MVC design pattern, meeting project deadlines and quality standards.
- Collaborated with agile teams to design and implement **REST APIs** in **.Net Core** and **PostgreSQL**, enhancing application functionality and performance.
- Integrated **Stripe** payment gateway in **ASP.NET** for seamless cart checkout.

## EDUCATION

### B.Tech

Dr. APJ Abdul Kalam Technical University

08/2017 - 06/2021

## SKILLS AND PROGRAMMING LANGUAGES

HTML5/CSS3

SCSS/SASS

Typescript

Angular

React JS

JavaScript

RXJS

Node js/Express js

MEAN

C#

ASP.Net Core

Git

Github

TVFC

LINQ

PostgreSQL

REST API

SQL

Data Structures And Algorithms

Bootstrap

Java

Jasmine

## PERSONAL PROJECTS

### Portfolio Website

- Developed using **React Gatsby**, hosted on **Netlify**, showcasing technical skills and project portfolio.
- Used **GSAP.JS** (animation framework) to add appealing animations.
- Used Netlify for hosting the website at <https://pranjals.netlify.app>.

### Blogging Website

- CRUD blogging website developed with **Vanilla JS** and **Node.js/Express.js**, demonstrating proficiency in **full-stack development**.
- Utilizing **MongoDB** DBMS along with **Mongoose** ORM to store data.

### Pizzeria

- Developed a full-stack web application for pizza customization and ordering using **Angular**, **Node.js/Express.js**, and **MySQL**, integrating **Stripe.js** for payment processing.
- Integrated user authentication with **passport.js**, giving users flexibility to sign-in with google or user account credentials.
